Attention: Office of Legislative Liaison

Dear Mr. Casey:

You are invited to appear and testify at a Subcommittee hearing on the vulnerability of domestic nuclear facilities to terrorist attack which is scheduled to begin at 9:30 a.m. on September 11, 1985, in Room 2218 Rayburn House Office Building. The Subcommittee will meet in Executive Session.

The Subcommittee has asked the Nuclear Regulatory Commission for a briefing on the vulnerability of NRC licensed facilities to terrorist attacks using large vehicle-borne bombs and has asked the Commission to address the issue of what level of protection to require at domestic nuclear facilities. In order to gain a better understanding of the need for protective measures, the Subcommittee would like to obtain the views of the intelligence community on the foreign terrorist threat to domestic nuclear facilities.

While your detailed written statement for insertion in the hearing record may be of any length you deem appropriate, it should be double-spaced. You are also requested to submit a one-page summary of your written statement.

In accordance with Committee rules, witnesses scheduled to testify should deliver 18 copies of their written and summary statements to the Subcommittee by 10:00 a.m. on September 9, 1985.

If you have any questions concerning this hearing, please contact William J. Manning of the Subcommittee staff at (202) 226-2424.

Thank you for your assistance.

Sincerely,

Ed Markey
